POURQUOI HUPFER?

Un grand choix, rapidement disponible

Grâce à nos grandes capacités de stock, il nous est possible de préfabriquer de nombreuses variantes de produits en grande quantité, de sorte que le produit que vous souhaitez vous parvienne le plus rapidement possible.

Une logistique de livraison efficace

Votre commande est emballée de manière groupée pour rejoindre le lieu de montage respectif, p.ex. un entrepôt frigorifique, ce qui permet une affectation directe et un montage rapide.

La qualité la meilleure

Des matériaux de haute qualité et une finition de premier ordre garantissent un plaisir durable avec nos produits.

Le plan de validation en 24 heures

Grâce à notre configurateur de rayonnages interne, nous vous faisons parvenir un plan de validation final dans les 24 heures.

Une large gamme de produits

Nous proposons une grande variété d'échelles et de tablettes, dans différents matériaux et divers accessoires, pour une adaptation précise à votre espace.

Un montage simple comme un jeu d'enfant

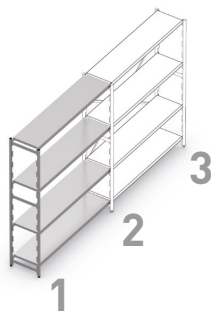

Nos rayonnages peuvent être montés pratiquement sans outils et sans connaissances préalables. Mais si nécessaire, nous organisons volontiers l'intervention d'une équipe de montage.

Le principe

Le rayonnage de base et le rayonnage additionnel

Pour chaque rayonnage de base, qui est installé séparément est installé, vous avez toujours besoin de deux supports d'étagère.

Pour un rayonnage annexe, il suffit d'un support de rayonnage supplémentaire.

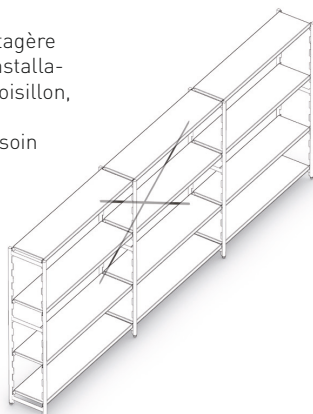

La structure facilement expliquée

Nous vous montrons les bases de la construction d'une étagère :

Le Croisillon

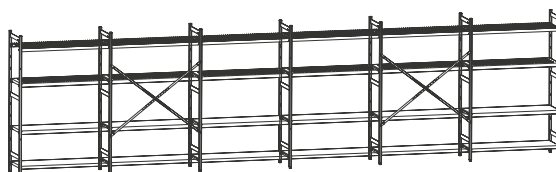

Tous les montants d'étagère sont préparés pour l'installation éventuelle d'un croisillon, mais tous les champs d'étagère n'ont pas besoin d'un croisillon :

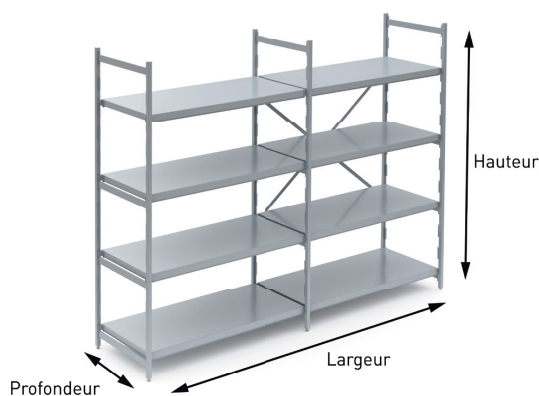

1- éléments d'étagère : 1 croisillon

A partir de 4 unités de rayonnage : 1 entretoise croisée par 3 éléments de rayonnage
